

# Sentinel

**Sentinel** is a molded mat with a polypropylene surface, backed with nitrile rubber. The border ensures an all-in-one durable construction. The mat has a heavy-duty wear surface and is ideal for receptions, entrances, hallways, foyers and exits throughout commercial and industrial buildings. This mat is available in commercially compatible colours that will enhance any entrance or shop whilst functioning as a floor protector. As an optional extra, a logo or a message can be added to customer specification.
